

COOMBE FARM TRUST

Self Catering, D.I.Y. Ecowedding Venue with Marriage License

www.coombefarmwoods.co.uk

WEDDING PACKAGE

The setting is a Soil Association certified organic farm and grade 2 star listed farmhouse with a quarter of its electricity supplied by solar pv generator. There's four hundred acres of farm and forest with fabulous views from the recently renovated thatched cider barn. Surrounded by gardens and a solar heated swimming pool, all of this precious landscape is available to you when you hire Middle Coombe for your wedding.

You can also spend all or some of your **honeymoon** onsite once the party weekend is over, staying on your own or with your family/ best friends, a time for relaxation after the great event, cocoombed in love! A recent couple organised for themselves and guests a week of entertainment at Coombe - line dancing, yoga, falconry, massage, tipi, yurt and willow construction, then travelled by train to sunny Spain!

For weddings we hire out the accommodation together with the barn but each is charged separately.

COST OF VENUE HIRE £2,500 – includes:

Hire of barn for **70 people** for 4 days Fri, Sat, Sun, Monday

Venue wedding license fee

Viewings

Your first visit to view Middle Coombe Farm, to ascertain if it is an option for your wedding, should last approx 1 – 2 hours. The show- through takes you to the cider barn, the farmhouse, the

grounds, the stone circle the ceremonial oak tree in the woods. Afterwards we'll sit and discuss your favoured options.

We book viewings on Fridays at 12.00 pm- viewing the house needs to be completed by 2pm in order not to disturb guests already in residence or just moving in. Once people have moved in the house becomes their space, their house for the duration.

Your first visit to Middle Coombe Farm is complimentary. Any subsequent visit will be charged at £20 and donated to charity – we have picked Devon Air Ambulance who are the people we would call on if there was a medical emergency, they have in the past saved lives for us here!

So, we would appreciate your conducting enquiries as much as possible by email/phone in order to save on travel thus helping us all towards a better environment.

We pride ourselves on our green sustainable events. As well as the 5.5kw solar generator, solar heated swimming pool, organic farm and sustainable managed forestry, transport is crucial. We have good onsite parking but would also ask you to include in your wedding invitation information to help guests coming to your wedding by public transport and/ or sharing cars/taxis/minibuses. Please check our website for further information on transport, especially trains, our eco policies and nearby places to stay which are easily accessible by local taxis. Take the train, take the strain off the drivers! Help lighten our carbon footsteps! Our record lack of vehicles for a 70 people marriage reception was nine cars in the car park and one dormobile!
